

UNITED CELLARS

ITALY

SPERONE

Sperone Prosecco DOC

Vineyards

100% Glera

Production

Soft pressing and fermentation at controlled temperatures in stainless steel tanks. The quantity of grape grown in each vineyard is controlled and can not exceed the limit stated each year by law. In this way, the grape is more concentrated and reaches a higher quality. Before bottling, the wine must be tested from the Consortium: only if all the Quality controls are passed, the wine is approved for bottling.

Tasting Notes

Fine persistent froth. White with greenish tints. Fruity flavour, lightly sparkling with a harmonious and full after taste.

Appellation

Prosecco DOC
