

The Orchard Lane winery lies down a long quiet lane in the heart of the Marlborough wine growing region. In an area once surrounded by apple orchards only one gnarled row remains, providing fresh apples to our winemakers over harvest.

Owners David and Kate Acland, both come from 5 generations of farmers and growers with a proud history of producing quality food products. Today they farm sheep, cattle, honey and wine and a new generation has begun with their 3 young children involved in all of their enterprises.
